Summary Tracking Report

Pathways Tracking: Background

In late 2012, it was decided that Pathways applicants would be re-tracked back as far as entry 2006. This was to ensure that applicants who had reapplied in subsequent years after initial applications were picked up wherever possible. Pathways staff are able to access much of this information - from 2006 onwards - using "UCAS Weblink".

All Pathways students who applied for one of the four Pathways strands are included in the tracking data. All of these applicants are then tracked on an annual basis, if they entered the University of Edinburgh.

The following report shows application and entrants numbers, as well as annual tracking of progress and, where relevant, degree outcomes. This new way of tracking has also allowed deferred entry applicants to be tracked more robustly.

Previous tracking reports are available on request from Pathways: email pathways@ed.ac.uk or phone 0131 651 1755
