

The University of Edinburgh

Pathways to the Professions

Tracking Report

December 2014

Pathways Tracking: Background

Since the start of the project, applicants who have participated in Pathways to the Professions are tracked each year to see the outcome of their UCAS application and, in subsequent years, their progress through their course and degree outcomes. All Pathways students who applied for one of the four Pathways strands at the University of Edinburgh are included in the tracking data. All of these applicants are then tracked on an annual basis, if they entered the University of Edinburgh (nb: Pathways staff only have access to the UCAS record of an applicant if he / she applied to the University of Edinburgh).

Pathways staff are able to access information - from entry 2006 onwards - using "UCAS Weblink". We now track back a total of seven years: this year's tracking report, therefore, tracks entrants from 2008 to 2014.

The following report shows application and entrants numbers, as well as annual tracking of progress and, where relevant, degree outcomes. This new way of tracking has also allowed deferred entry applicants to be tracked more robustly.

Previous tracking reports are available on request from Pathways: email pathways@ed.ac.uk or phone 0131 651 1755
