Lifelong Learning Continuing Professional Development	4,259

Notes on Lifelong Learning

1. Figures are taken from the records of Office of Lifelong Learning (OLL) and the Institute for Applied Language Studies (IALS) . OLL and IALS were fully merged in 2008-09 and the the presentation of enrolments reflects this with all language enrolments now being incorporated into those for the rest of CPE.

2. An aggregate figure for CPD headcount is not available at present. There exists a wide range of CPD provision across the University, over and above those courses delivered via the Office of Lifelong Learning.
